

TOP 10 REASONS TO GIVE

10. **Everyone is doing it.** Every associate in this area will ask every customer to donate to Children's National. Let's join together to make miracles happen.
9. Every donation stays LOCAL to **help kids right here in our community.** If a child you know has a serious illness or injury, Children's National is right in your backyard to give them the very best care.
8. **Children's National National provides the same level of world class care to all kids,** regardless of their family's ability to pay. With your help, we were able to provide \$89 million in uncompensated care last year!
7. Children's National is a **leader in pediatric research.** There are currently **over 100 clinical trials taking place in oncology,** in an effort to not only cure cancer, but also minimize treatment side effects.

Olivia spent more than 100 days in the hospital before her 1st birthday. At one year old, she received her heart transplant, and seven years later, Olivia is happy and healthy. Her family still honors Olivia's organ donor every year by celebrating the girl's birthday.

6. Before you go to sleep tonight, **more than 280 kids will visit the emergency room** at Children's National.
5. **Every \$1 counts.** A preemie diaper for an infant weighing only 1 pound is no bigger than a \$1 bill. **One dollar covers the cost of 8 preemie diapers,** two packs of UNO cards (the most popular game in the hospital!) or even a whole pack of toiletries for a family traveling to the hospital unexpectedly.
4. **You know someone who has been treated** at Children's National. With more than 447,000 kids seen at our hospital and outpatient clinics last year alone, almost everyone you know has a story to share.
3. So kids can go home. Too many birthdays, holidays, and first days of school are spent in the hospital. Your fundraising helps doctors find new treatments and cures, so **kids can spend more time being kids.**
2. You give others **HOPE.** Families arrive at Children's National worried and exacerbated, but the games, resources and comfort provided at Children's National gives them hope. **YOU** give them hope.
1. **Because it saves lives. Period.**
